

# FOOD Philippines

## 中国国际进口博览会 CHINA INTERNATIONAL IMPORT EXPO

FOODPhilippines, in collaboration with Coconut Philippines and Liwayway Marketing Corporation, is set to thrill with a “Festival of Island Flavors” that will take visitors to an exciting tropical escape through the Philippine Pavilion at the 5th China International Import Expo. With a wide-range offering of food products from 62 micro, small and medium enterprises (MSMEs), the Philippine Pavilion aims not only to showcase the rich and colorful Filipino culture but also to highlight the shared roots of the Philippines and China as a take-off point for a stronger trade relationship.

The Philippine Pavilion will demonstrate how Filipino food reflects the country's vibrant culture, spotlighting its unique qualities as a tropical archipelago to stand out in an increasingly competitive international market. From fun and exciting snacks to healthy and natural products derived from the country's top agricultural products, the Philippine Pavilion will present a diverse offering of uniquely Filipino food.

FOODPhilippines will continue to highlight healthy and natural food products, with a focus on coffee and cacao. Anchored on the Coconut Farmers and Industry Development Plan (CFIDP), Coconut Philippines aims to showcase the versatility and nutritional benefits of the coconut, one of the country's top food exports. Liwayway Marketing Corp., the company behind the successful snack brand Oishi, has been a mainstay at the CIIE and has been cited for the creative showcase of its well-loved products.

The Center for International Trade Expositions and Missions (CITEM) is the export promotion arm of the Philippine Department of Trade and Industry (DTI). CITEM is committed to developing, nurturing, and promoting globally-competitive small and medium enterprises (SMEs), exporters, designers, and manufacturers by implementing an integrated approach to export marketing in partnership with other government and private entities. For three decades, CITEM has established the country's image as the premier destination for quality export products and services. It continues to set the highest standards of creativity, excellence and innovation to achieve export competitiveness in the international market.

The logo for CITEM, featuring the word "CITEM" in a stylized, dark red font. The letter "C" is large and circular, with the letters "I", "T", "E", and "M" stacked vertically within its curve. The letters "I", "T", "E", and "M" are in a bold, sans-serif font.

DTI's Foreign Trade Service Corps (FTSC) advances the Philippine government's economic agenda by promoting the entry of Philippine exports to the world market and attracting foreign investments to the Philippines. With offices in 30 cities in 22 countries across the globe and supported by a capital-based Coordinating Office, the FTSC is uniquely positioned to pursue the DTI's trade and investment priorities through activities such as trade and investment promotion, commercial intelligence, and trade negotiations through its extensive global contacts and networks in governments, international organizations, Filipino communities, and private sector. Even during emergency situations and crises, FTSC has proven to be an essential link between Philippine government agencies and industries, and their global counterparts.

The Department of Trade and Industry-Export Marketing Bureau (DTI-EMB) is mandated to oversee the development, promotion, and monitoring of Philippine exports. The DTI-EMB provides the exporters the enabling environment to make them globally competitive. Pursuant to the Philippine Development Plan (PDP) 2017-2022, the agency shall endeavor to reduce inequality and poverty by expanding economic opportunities in exports, and by increasing the access particularly of micro, small, and medium enterprises (MSMEs); cooperatives; and overseas Filipinos (OFs) to these opportunities. Companies interested in importing from the Philippines can access Tradeline Philippines, the business intelligence platform of the DTI-EMB.

The Philippine Department of Agriculture (DA) is the primary government agency that promotes agricultural development by providing framework, public investments, and support services needed for domestic and export-oriented business enterprises. Its primary mandate is to ensure food security through the collective empowerment of farmers/fisher folk as well as the private sector to increase agricultural productivity and profitability, taking into account sustainability and resilience. The Office of the Agriculture Counsellor in Beijing is one of the eight offices under the DA's Foreign Agricultural Service Corps. It handles agriculture and agricultural trade matters/issues with the People's Republic of China, including Hong Kong & Macau. Its primary function is to promote trade/export of Philippine agricultural products to China, including market facilitation as well as agribusiness investments.

The Philippine Exporters Confederation, Inc. or PHILEXPORT is the country's umbrella organization of exporters which is mandated, under the Export Development Act of 1994, to strengthen the country's export industry through its export promotion and development programs. PHILEXPORT is a non-stock, non-profit service organization with a membership of over 4,000 mostly micro, small and medium enterprises nationwide. They are grouped under 20 regional and provincial chapters and 51 affiliated industry associations that have affiliated themselves with PHILEXPORT. In fulfilling its mandate, PHILEXPORT implements a number of institutional and special projects, programs and services, including: Policy Advocacy, Bonded Warehousing Operations, One-Stop Export Documentation, Facilitation and Advisory, Project Development and Monitoring and Information Collection and Dissemination.

# TUPI SUPREME ACTIVATED CARBON, INC.

## ABOUT THE COMPANY

The company was organized in 2018 by a group of professionals driven by a common goal of becoming a dominant player in the activated carbon business in the region. Both civil engineers who funded the construction, Mr. John Paul Tamayo and Mrs. Tahnee B. Tamayo, hold the company's majority interest. In September 2020, Tupi Supreme Activated Carbon Inc. began its commercial operation, and in October, the first batch of orders successfully shipped out. The company started with one rotary kiln in 2020, and now it has four units in the whole operation.

## PRODUCT/S:

Activated Carbon

## NATURE OF BUSINESS:

Exporter

## ABOUT THE COMPANY

Combining more than 50 years of rich heritage and over 40 years of food development experience, Liwayway continues to innovate to bring you one the best and diverse food portfolios in the crispy snacks, confectionery, biscuits, bakery, nuts and beverage categories, among others.

Our Oishi brand is strongly associated with reliability and memorable childhood experiences. As we tailor fit our products and approach to the local communities that we serve, we continue to create shared values in the different cultures and interests of our expansive consumer base.

Our philosophy is grounded in the values developed and handed-down throughout our long history. We place utmost value in our quality, integrity and in the importance of our long-standing relationships, balancing commercial objectives with a genuine, proactive effort to help shape and participate in a positive, cohesive, and sustainable community.
